

Strategic Priorities 2009 to 2011

In Peel
all children
will thrive!

COLLABORATE

To build our capacity to respond to the needs of children 0 to 6

ADVOCATE

Through leadership in research and public policy

FOSTER

Communities that nurture and promote young children's well-being

SHARE

Knowledge and information, to support a successful start to school, and life for children

SUCCESS **B**Y **6**TM PEEL

Success By 6 Peel Strategic Objectives 2009 to 2011

Collaborate

Building Capacity in the Collaborative

- Outreach to under-represented service provider agencies, sectors and groups
- Diversify membership to ensure that the breadth of community interests are represented
- Seek common ground with other emerging collaboratives with similar/shared mandates to collaborate in service system projects
- Develop mechanisms to disseminate Success By 6 Peel's vision to influence stakeholders across all levels of member organizations
- Ensure that Success by 6 has the human and financial resource base to meet its current and long term objectives

Advocate

Advocating for Children through Leadership in Policy and Research

- Use the Status of Children in Peel 2009 to highlight child outcomes in Peel and to leverage community mobilization for children's agenda
- Use the website to link users to developments and research on children's issues to educate and mobilize stakeholders to plan action for change
- Seek out strategic research partnerships within the collaborative and in the region of Peel to advance the children's agenda
- Advocate on child development policy issues

Foster

Fostering Healthy Communities that Promote Children's Well-being

- Engage Peel business and employers in healthy child development
- Support communities to get information and resources that build understanding of healthy child development
- Support the development of community resources to advance the children's agenda
- Actively engage multi-cultural organizations and faith groups in Success by 6's vision
- Build relationships with and support groups and organizations that share a vision for developing a continuum of seamless service supports in communities

Share

Brokering Knowledge and Information Exchange

- Provide member organizations and sector partners with the knowledge and information required to improve children's services
- Enhance and improve staff professional development & education opportunities by brokering knowledge transfer and exchange
- Share evaluation expertise to support evidence-based planning across member organizations and within the region of Peel
- Act as a resource to support other forming/novice coalitions and organizations to develop community collaborative approaches to child development service planning
